

Green@Work™

Recycled Safety and Environmental Products For A
Greener Workplace.

www.zinggreenproducts.com

Green@Work™

How Can I Be Greener Today?

Made in the USA out of recycled plastic.
www.zinggreenproducts.com #1002

ZiNG is rescuing milk jugs and other non-earth friendly materials from landfills and making them into signs.

A Greener Tomorrow, Starts Today.

Reduce consumption waste and pollution.

Reuse what we have.

Recycle everything we can.

Think Green with
ZING™

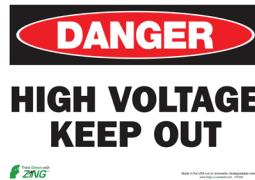

www.zinggreenproducts.com

Introducing ZING recycled safety and environmental products – all made from eco-friendly materials. From Green@Work™ environmental signs/posters/kits to safety padlocks and traffics signs, all ZING products are commercial-quality and help company's sustainability efforts and support LEED certification.

RecycLock™ 4

Industrial strength safety padlocks constructed from plastic encased steel and aluminum. Made from 70% recycled materials.

Safety Signs 5

OSHA safety and no smoking signs made from eco-friendly materials.

Safety TriView™ 6

High visibility 3-sided safety signs made from recycled plastic.

Parking Signs 8

Heavy-duty parking signs made from 99% recycled aluminum

Traffic Signs 7-9

Standard traffic control signs made from 99% recycled aluminum

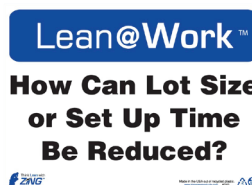

Signs 10-12

Green@Work™ signs educate and inform employees on being greener

Posters & Kits 13-14

Green@Work™ posters and kits for green education and convenience

Lean@Work™ 15

Lean@Work™ signs support lean manufacturing process and are eco-friendly

Tags/Posters 16

Eco-friendly safety tags made from recycled plastic

Green Safety Padlocks

Safety padlocks feature solid aluminum body and steel shackle with fully insulated protective covering for increased safety and corrosion resistance. Precision 6-pin cylinder has key-retaining and auto locking functions. Contains no PVC and uses food industry approved lubricants for improved environmental properties. Has 1.5" or 3" high 1/4" shackles and includes trilingual labels and one key with each lock.

Available in Keyed Different, Keyed Alike and Keyed Alike Sets of 3 and 6. Custom keying options and engraving available.

- Eco-Friendly padlocks contain 70% recycled materials
- Dielectric for improved safety
- Eight color choices - ideal for LO/TO applications

Safety Eco-Signs

Protect people and the environment with eco-friendly safety signs. Signs are made from either 75% post-consumer recycled plastic or self-adhesive, rapidly renewable/biodegradable eco-poly.

Exit / No Smoking Signs

Safety Signs

Safety TriView Signs

Three-sided TriView™ signs offer 180° visibility of important messages and greatly improve the chances that critical sign information will be seen by employees or customers. The unique design is environmentally friendly and made in the USA from high quality post-consumer recycled plastic. Pre-drilled for mounting and also include self-adhesive mounting pads.

Standard TriView™ signs are 7.5"H x 20"W and project 5"
Slim signs are 12"H x 9"W and project 3".

*10+ hour glow-in-the-dark versions exceed ASTM E 2072-00 standards.

Zing Green@Work™ signs are available in a variety of sizes and formats to meet applications throughout the facility. The signs are organized around different green opportunity areas of the building. The 5”H x 3”W mini-signs are ideal for locating above light switches and water taps. Standard 7”H x 10”W signs are ideal for normal viewing applications. The larger 14”H x 10”W are better suited for large open areas where longer viewing distances apply.

Tri-View™ signs offer 180-degree visibility and are available for legends that designate or mark areas. TriView signs are 7.5”H x 20”W and project 5”. TriView Slim signs are 12”H x 9”W and project 3”.

Signs are made in the USA from high quality post-consumer recycled plastic.

Eco-Suggestion Box

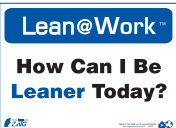

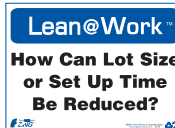

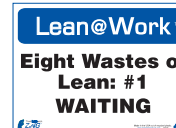

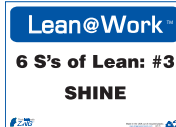

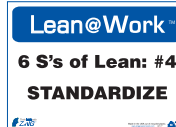

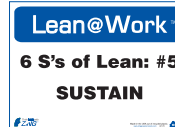

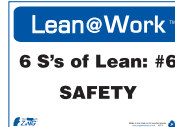

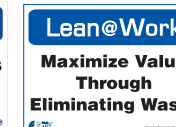

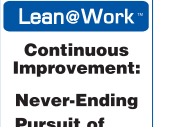

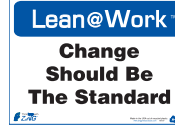

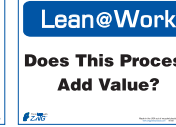

Lockable suggestion box promotes employees to generate sustainability ideas. Made from recycled plastic and includes 50 eco-friendly suggestion forms and pen.

Size	Part #
9"H" x 9"W x 5"D	7000

Clearly mark recycle containers with "green" signs and labels for easier waste management. Help prevent mixed recyclables and sorting by identifying specific containers or areas for each waste material. Eco-friendly self-adhesive labels and signs easily mount to bins, trash receptacles, tilt trucks, bulk boxes and walls. Recycle labels/signs are printed on a break-through green material that is compostable and made from renewable resources.
